The Free Press as an Advertising Medium.

The Farm Parss is a leading local newspaper, the boot advertising medium, and has the best printing office between Austin and San Antonio. It circulates considerably North as well as South. A live paper, devoted to the development and progress of the country. Jeffersonian Democratic in politics. The Faxe Passs has been published by its present proprietor for sixteen years. It is well established. and gaining steadily in public favor. Especial attention is called to the character of its circulation. It goes among the best class o well-to-do farmer and business men.
